Position: **Water & Sewer Field Technician**

Salary Range: **26.00 – 40.00 (DOE) with full benefit package**

Open Date: **February 20, 2023**

Close Date: **Open until filled**

JOB SUMMARY: Northeast Sammamish Sewer & Water (NESSWD) has an immediate opening for 2 - Field Technician positions. The candidate for the Field Technician position must work in a team environment to install, diagnose, repair, and maintain the District infrastructure. Essential duties include but are not limited to:

- Maintenance of District facilities and water and sewer system.
- Operation, inspection, maintenance, and repairs of valves, pumps, fire hydrants, and manholes.
- Meter reading and register change out.
- Flushing of the water system.

The Candidate must use excellent communication, computer, and record-keeping skills to document work performed.

Knowledge, Skills, Abilities: NESSWD is looking for an energetic, self-motivated, quick-learning candidate with a basic understanding of safe and appropriate use of tools and heavy construction equipment. Knowledge of hydraulics, pumps, motors, utility repair, maintenance, plumbing, landscaping and basic electrical is preferred. Candidate must have the ability to maintain accurate records and forms; communicate clearly; perform complex math equations; use a computer and MS Office Programs; meet preventative maintenance timelines and goals; work effectively with employees and the public.

Working Conditions: The Field Technician position is physically demanding and requires extended periods of lifting, carrying, jackhammering, shoveling, and other forms of manual labor. Must have the ability to bend, crawl, and work in restricted areas. Must be able to lift tools, equipment, or materials weighing up to 50 lbs. Work may be performed in a fast-paced environment and/or under adverse weather conditions.

Compensation Scale:

Field Tech 1 (\$26.00 - \$30.00):

- High School Diploma or GED
- 0-3 years related experience in utility construction or maintenance.

- CDL Class B with tanker endorsement
- Obtain Water Distribution Manager 1 certification within 1-year.
- Traffic Control and AC Pipe certifications within 1-year. First-Aid/CPR, Competent Person Cave-in Protection, and Confined Space Entry certifications within 2-years.

Field Tech 2 (\$30.00 - \$34.00):

- High School Diploma or GED
- 3-5 years related experience in utility construction or maintenance
- Water Distribution Manager 1 certification
- Traffic Control, AC Pipe, First-Aid/CPR, Competent Person Cave-in Protection, and Confined Space Entry certifications or ability to obtain in 1 year.

Field Tech 3 (\$34.00 - \$40.00):

- High School Diploma or GED
- 5+ years related experience in utility construction or maintenance
- Water Distribution Manager 2 certification
